The Global Risks Report 2019 14th Edition

14th Edition Executive Summary Executive Summary Is the world sleepwalking into a crisis? Global risks are intensifying but the collective will to tackle them appears to be lacking Instead, divisions are hardening The world's move into a new phase of strongly state-centred politics, noted in last year's Global Risks Report, continued throughout 2018 The idea of "taking back control

Criminal Justice, New Technologies, and the Constitution

ining ways in which continuing scientific advances and new technological developments may influence the scope and meaning of enduring constitutional principles and protections A background paper, Science, Technology, and the Constitution, was released in September 1987 The first of several special reports, Science, Technology, and the First Amendment, was released in January 1988 Articles
